

Kyuyo SSH Activity Record 2023 (September)

Advanced Science Training (Physics) (September 1, 2023, Friday)

The event has been postponed to November 15th due to the impact of the typhoon.

Advanced Science Training (Geoscience) (September 13, 2023, Wednesday)

A training session on the fundamentals and advanced research of Earth science related to global environmental issues was conducted, featuring Professor Masahide Furukawa, an honorary professor from the University of the Ryukyus. Professor Furukawa shared the fascination of Earth science, which involves interdisciplinary research, with students, presenting his extensive research experiences in the field conducted worldwide.

Science and Mathematics/International Exploration II Coordinators Meeting (September 15, 2023, Friday)

In the meeting held to discuss the process of the midterm progress report meeting scheduled for October and the guidance leading up to the presentation event, the following topics were covered:

<Agenda>

- ① Flow and Evaluation Criteria for the Midterm Progress Report Meeting of SS Science and Mathematics Exploration / International Exploration II
- ② Guidance Approach for the Research Inquiry

Kyushu-Okinawa Region SSH Coordinators' Exchange Meeting (September 26-27, 2023, Tuesday-Wednesday)

On September 26-27, a two-day Kyushu-Okinawa Region SSH Coordinators' Exchange Meeting was held at Nagasaki Prefectural Nagasaki Nishi High School, with two representatives from our school participating. During the meeting, there were meaningful discussions including the introduction of our school's efforts towards the 'Deepening of Scientific Inquiry Activities (such as theme-based research)' and the 'Deepening of Internationalization,' as well as gathering information on third-phase applications from other schools. It was a highly valuable time of exchange.
