Basic Lecture on Intellectual Property Right in the School Special Subject “SSH Science and Math Research II” (2018.6.13)

Mr. Abe Shinichi, from BS International Patent Attorney's Office, gave us a lecture on Intellectual Property Right for Students who are taking SSH Science and Math Research II. In the lecture, Mr. Abe gave us a quiz which enabled us to participate in the lecture with a lot of fun. We learned about patent, and how you could have your invention that can lead to get a patent. We deepened our understanding and got an image more clearly about invention and patent, property right, and information disclosure on an invention,
